VEGETABLE PLANTS FOR 2018

These plants are suitable for gardens, planters or fields. The new improved pack and flat design contains more soil, deeper cells, community watering and a feature that holds the packs upright even when they are separated and spaced in the flat. Each flat has 8 packs of 6 plants, except leeks and onion have about 40 plants.

Please order by full flats. They all have descriptive tags for easy identification and growing instructions. They are healthy and robust.

COOL TOLERANT VEGETABLES
