

All Purpose High Nitrate • Alto Nitrato Todo Propósito

DIRECTIONS FOR USE: PLANTEX® 20-10-20 is recommended for use on all plants depending on the water quality. For tender plants and greenhouse spray applications use one half the dosage. PLANTEX® is soluble at the rate of 2½ - 4 lbs per gallon of water. Use warm water for best results. Store in a cool, dry place.

CAUTION: This fertilizer contains boron, copper, manganese, molybdenum and zinc, and should be used only as recommended. It may prove harmful when misused. This fertilizer is to be used only on soils which respond to molybdenum. Crops high in molybdenum are toxic to ruminant animals.

Foliar fertilization is intended as a supplement to a regular fertilization program and will not by itself provide all the nutrients normally required by agricultural crops.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.htm>

The micronutrients within Plantex are available at a greater pH range due to the presence of EDTA chelating agent.

DERIVED FROM: Ammonium phosphate, ammonium nitrate, potassium nitrate, boric acid, sodium molybdate, Iron EDTA, Manganese, EDTA, Zinc EDTA, Copper EDTA.

ppm Nitrogen / Nitrógeno	Plantex® 20-10-20 (oz. / 100 Gallons / Galones)	E.C. (mmhos)	oz / Gallon/Galón of stock (1:100 injection ratio) / (ratio de inyección 1:100)

Chlorine (Cl) (maximum) / Cloro (Cl) (max).....0.3%

Potential acidity (lbs CaCO₃ per ton of fertilizer) / La acidez potencial (libras CaCO₃ por tonelada de fertilizante).....437 lbs.

INSTRUCCIONES DE USO: PLANTEX® 20-10-10 es recomendado para su uso en toda planta, dependiendo de la calidad del agua. Para plantas tiernas y aplicaciones de rociador de invernadero, use la mitad de la dosis. PLANTEX® es soluble a una tasa de 2 ½ - 4 libras por galón de agua. Use agua tibia para mejores resultados. Almacene en un lugar fresco y seco.

CUIDADO: Este fertilizante contiene boro, cobre, manganeso, molibdeno y zinc, y debe usarse únicamente según las recomendaciones. Puede ser dañino si se utiliza mal. Este fertilizante debe usarse únicamente en suelos que respondan al molibdeno. Cultivos con niveles altos de molibdeno son tóxicos para animales rumiantes.

La fertilización foliar está diseñada como suplemento para un programa de fertilización regular, y no proporcionará por sí sola todos los nutrientes normalmente requeridos por los cultivos agrícolas.

Hay información disponible con respecto al contenido y niveles de metales en este producto en el sitio internet <http://www.aapfco.org/metals.htm>

Los micronutrientes en PLANTEX están disponibles en un mayor rango de pH debido a la presencia del agente quelante EDTA.

DERIVARSE DE: Fosfato de amonio, nitrato de amonio, nitrato de potasio, ácido bórico, molibdato de sodio, EDTA Hierro, EDTA Manganeso, EDTA Zinc, EDTA Cobre.

Water Soluble Fertilizer

DANGER

Hazard Statement(s):

H272 May intensify fire; oxidizer.
H319 Causes serious eye irritation.
H351 Suspected of causing cancer.
H360 May damage fertility or the unborn child.

Precautionary Statement(s):

Prevention:
P201 Obtain special instructions before use.
P202 Do not handle until all safety precautions have been read and understood.
P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
P220 Keep or store away from clothing and other combustible materials.
P221 Take any precaution to avoid mixing with combustibles/
P264 Wash hands and skin thoroughly after handling.
P280 Wear protective gloves/protective clothing/eye protection/face protection.

Response:
P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P308 + P313 If exposed or concerned: Get medical advice/attention.

P337 + P313 If eye irritation persists: Get medical advice/attention.
P370 + P378 In case of fire: Use water spray or fog to extinguish.

Storage:

P405 Store locked up.

Disposal:

P501 Dispose of contents and container in accordance with local, regional, national and international regulations.
Master Plant-Prod Inc. 314 Orenda Rd., Brampton, ON L6T 1G1 905-793-8000
